NUMBER 25

850 Entries In School Fair

NEWS NOTES

The Annual School Fair and Hobby Show was held in the Opera House yesterday with a total entry list of between 850 and 900. The entries in the Livestock and Poultry, and the Vegetables and Grains were very light this year compared with other years, and the entries, while good, were not up to the standard of former years, especially in vegetables, due probably to the wet, cold June which retarded garden growth for that month. The school work entries totalled 480, and the specials which included the Hobby Fair had 275 entries.

In the School work a good standard of quality was maintained, and the Royal Visit in May, furnished the theme for Scrap Book work in nearly every grade from Grade III up. There were some really novel and outstanding exhibits in the Hobby Fair, and the tiny violin made by Rhinold Thur, less than an inch long, and advertised as the smallest violin in the world was there with the other hobbies of Raymond artists.

Judges were Inspectors Hamilton and Williams of Cardston and Lethbridge, who judged the School Work, Mr. Benn of the Olds School of Agriculture who judged the Vegetables, Chas. O. Asplund, District Agriculturist of Cardston who judged all the Livestock and Field Crops, and Miss McIntyre, also of Olds who judged the Home Economics, and the special entries in the Hobby Show.

Entries in the various classes were as follows: Vegetables 55, Grains 35, School Work 480, Cooking 60, Sewing 30, Specials and Hobby Show 275 and Livestock 25. The Amateur Hour and at least a portion of the Prize List for the Fair will be printed in next week's issue if we are able to obtain a copy of the prize winners.

Theodore Ehlerst stuccoed the front of the new O. H. Snow block Saturday, floors are laid and doors hung now and it won't be long until the new premises are occupied.

Speakers at the Raymond 2nd Ward Sunday evening were Elder Maurice Heninger, recently returned from the Canadian Mission who spoke on "Joseph Smith," and Pres. A. E. Palmer of the Lethbridge Stake who also spoke a few minutes.

Second Ward Mutual Opening

The opening social of the Raymond 2nd Ward Mutual was held Tuesday evening in the Amusement Hall and was attended by an estimated attendance of 500. Miss Beth Walker, president of the Ward Y.W.M.C.A. conducted the program of the evening, which after opening prayer and songs was carried out as follows:

Vocal Quartette by the Bennett sisters.

Concertina Solo by Rhinold Thur.

Vocal solo by Mrs. Marion Brown.

Step Dance by Harry Fairbanks.

Reading by Mrs. John L. Allen.

Guitar number by Mr. and Mrs. Alma Carter.

Story on the M.L.A. Theme by Mrs. J.H. Walker.

Vocal Solo by Joe McLean.

Doll Dance by Moses Fromm and Dancin Doll.

The remainder of the evening was turned over for dancing, during which lunch was served and a very enjoyable and successful evening brought to a close.

Bill Ottewell, cattle buyer of Lethbridge, was a Raymond visitor Monday of this week.

Glen Stanford has his new home just about finished now, and was having it painted last week.

Anything in papers or cardboard at the Recorder. If we haven't it in stock, we can soon get it for you.

Raymond's streets were nice and smooth over the week-end following a good shave after the rain of last week.

A. C. Jensen, father of Magistrate Jensen of Cardston, was here Tuesday afternoon and spent the afternoon in town.

The rooms at the High School and the heating system were conditioned the first of this week enough for school to be held there.

Hyrum and Moses Fromm are in Lethbridge today to the Dodge dealers convention where the 1940 Dodge will be shown and its advantages and improvements explained.

Mr. and Mrs. Neil Fisher of Missoula, Mont., were here over the week end visiting with relatives and friends. They have been away from Raymond about twelve years now.

Major H. C. Singer of the 20th Field Battery, Lethbridge, with four of his men were here Saturday and arranged for recruiting in the Town Hall for Monday, Wednesday and Friday.

Misses Theodora Redd and Shirley Taylor and Bill Nalder left Sunday morning to enter the B.Y.U. at Provo, Utah. Paul H. Redd took them down in his car.

Since the entry of Canada into the war, a coalition government cabinet has been reported in this respect. If carried out it would likely include Hon. R. J. Manion, Conservative leader, Hon. H. H. Stevens, M. J. Coldwell C.C.F., and likely a member of the Social Credit group.

Misses Olive Brandy, Guinevere Redd, Marva Heninger and Camille Palmer, the latter of Lethbridge, went to Calgary Tuesday morning to enter the Normal school there for the coming term.

Mayor Ralph Day of Toronto has announced that the Royal Winter Fair and the annual automobile show, both held in the early fall had been cancelled and the Colesium where these exhibitions are held would be used for the housing of troops.

Department of marine announced 18 bodies had been taken from the sunken submarine Thetis lying in the shallow waters of Moelfre Bay on the north coast of Wales. 81 bodies still remain in the ill-fated ship and divers were hoping for good weather to finish the work of removing these before salvage work on the ship is commenced.

We said we'd miss someone in our round up of building, changes, etc., the other week. We did. We failed to mention the new block nearing completion built by O. H. Snow, and also the fine program of alteration and decoration in the interior of the Capitol Theatre. We might add now the cleaning up that took place in the Cash Meat Market over the Labor Day week-end. Congratulations.

Canada Enters War With Mother Country

Early Sunday morning in a special issue of the Canada Gazette, announcement was made that Canada was at war with Germany, making complete the list of British Dominions who had cast their lot 100 per cent. with the mother country in the prosecution of the war. The announcement followed about 13 hours after Parliament in Ottawa had voted almost unanimously in favor of the move.

Some opposition was voiced by members when the matter was brought up, some feeling that the Dominion should stand against war and assist England in money and munitions and thus render more real assistance in the main, however, the sentiment was that from the time Britain declared war almost a week previous, Canada had virtually been at war and the only course was to openly declare it and proceed with the necessary legislation and plans to carry out.

Less than two hours after the formal declaration, a Dominion wide meeting of the Red Cross had been called to lay plans for its assistance in the war in money, clothing, nurses and other ways.

War Budget Increases Taxes

PROFITS, INCOMES, LIQUOR, TOBACCO, BEVERAGES TO PAY

HON. J. L. ILSLEY, REVENUE MINISTER, SEEKS TO MAKE UP ESTIMATED \$156,000,000 TREASURY MAY BE SHORT OF MAKING ENDS MEET—NO INCREASE IN SALES TAX—NO INCREASE IN TAX ON SUGAR

BUDGET TAX CHANGES

All business to pay excess profits tax.

War sur tax of 20 per cent. of tax payable on individual incomes beginning with 1939.

Corporation income tax increased from 15 to 18 per cent.

Corporation consolidated returns tax increased from 17 to 20 per cent.

Sales tax will now apply to domestic electricity and gas bills.

Excise duty on imported spirits increased from \$5 to \$8 a gallon.

Excise duty increased \$3 gallon on domestic and imported brandy.

Excise duties heavily increased on beer and malt.

Excise duties on cigarettes increased \$1 per 1,000.

Excise duty on tobacco increased five cents a pound.

Excise taxes on all wines doubled.

No change in sales tax.

New excise tax two cents pound on aerating preparations for soft drinks.

Customs rates on tea increased from five to 10 cents pound.

Customs tariff rate on all imported coffee increased 10 cents pound under all tariffs.

BUDGET HIGHLIGHTS

Government to follow as far as practicable a "pay as you go" day.

policy in war finance insisting on principle of "equality of sacrifice on the basis of ability to pay."

Necessary borrowing expected to be effected within Canada at little increase over present peace time rates of interest.

Orders for munitions and supplies expected to provide stimulus in business, expanding employment, increasing tax payments and enlarging incomes.

No large scale borrowing operations anticipated until after initial period of war-time expansion well under way.

Government will not be "timid" in deciding when taxation has reached the limit beyond which it cannot go without producing inefficiency & lack of enterprise.

A "small and carefully regulated amount of credit expansion" may not be undesirable in early stages of the war.

Revenue for current fiscal year without taxation changes, estimated at \$495,000,000 compared with \$490,000,000 estimated in last budget.

Estimated expenditures or current fiscal year, including \$100,000,000 in war appropriation act is \$561,000,000 leaving an estimated deficit of \$156,000,000.

Canada's economic war effort may mean "some regimentation which might not be acceptable to a democratic people in peace time."

Inflationary methods of financing a war described as "most unfair and unequitable of all methods of diverting labor and materials to war time purposes."

Despite Canada's public debt and deficit, in most other respects its economy is infinitely stronger than at start of first great war.

Borrowing operations expected necessary, but policy will be to wait until benefit of initial economic expansion has been felt before long term large scale borrowing.

R. L. Folson of the teaching staff was in Lethbridge Saturday as practicable a "pay as you go" day.

Athletic Association Annual Meeting

Rainy Weather Holds Up Harvesting

Cloudy skies all day Monday, with that peculiar stormy smell in the air presaged rain which commenced just before dark and continued showering for a couple of hours, to give way to a cool breeze during the night, to be followed again Tuesday by showers off and on all day.

Harvesting was proceeded with Monday although grain was reported as tough and hard to thresh out. It is not likely that any harvesting will be done during the remainder of this week unless the skies clear soon and the sun gets in its work. Pastures and hay fields will be kept by the additional moisture although grain growers would like to see clear skies long enough to finish up the harvest.

Beets will add weight by the additional moisture, and digging will likely commence within the next ten days on some of the fields. It is feared that the average tonnage for the district may be down a little because of the long spell of wet, cold weather in June. The sunshine in July and August may have added sugar content enough to partly offset this fact.

NEWS NOTES

Pres. and Mrs. A. E. Palmer of Lethbridge were Raymond visitors Sunday afternoon and evening.

The "Friday Night Club" met at the home of Mrs. Reed Litchfield last week with 12 members present. Mrs. Anne Turner reviewed the book "Showboat" and refreshments were served.

Dr. Sullivan, now of Foremost and who was here for the summer months, was a Raymond visitor on Monday of this week.

As the time for slicing beets approaches, a few more men are being added to the number at the Sugar Factory each day. The mill will start operations some time around September 25th.

At a mass meeting in Vancouver on Sunday, 300 Germans pledged their loyalty to Canada and in a resolution stated "we are prepared to act in the preservation of our Canadian democratic rights and ideals."

W. I. Hold Regular Meeting

The W. I. held their regular meeting at the home of Mrs. W. Lamb on Thursday, September 14th. The President Mrs. Doris Hall was in the chair with 12 members and 1 visitor present. The meeting was opened by the singing O Canada and the Womans creed read by all the members, the minutes of last meeting were read and adopted followed by the roll call.

It was moved by Mrs. Thos. Allan and seconded by Mrs. Relfson, that we go to Warner next Tuesday to make arrangements for our next years Flower Show program, and Mrs. Leavitt nominated the President Mrs. Doris Hall as the official delegate to go.

The Provincial convention at Edmonton will be held on October 11 and 12.

Mrs. Kirkham resigned from her position as Secretary as she is leaving to spend the winter in the south.

The Annual meeting of the local Athletic Association was held in the Town Hall Wednesday night and was attended by about 30 members of the Association.

Murray Holt, the Secretary read the minutes of the last annual meeting and also presented the financial statement of the association, both of which were accepted by vote. The financial report showed a loss on the year's operations, but it also showed quite a bit of new equipment on hand that was bought and paid for last year which will make financing easier this season.

Pres. J.G. Snow reported activities sponsored by the Assoc. during the past year and also called on Rayo Woolf, who had charge of Youth Training and Vely Heggie who piloted the Baseball team through a very successful season to report briefly on their divisions. The President reported on the other activities of the Association. The President thanked all for their fine assistance and support during the past season, and recommended to the incoming executive, the sale of Budget tickets for the coming year, suggesting that the sale be started as soon as the schedules can be drawn up, and he felt this would assure the success of the Association for the year.

A vote of thanks was moved and carried for the fine work of the retiring executive.

Lloyd MacPhee was named Chairman of the meeting and the election of officers held.

J. Golden Snow was again unanimously elected as President for 1939-40.

J. Vely Heggie was made Vice President.

Murray Holt was again chosen as Secretary-Treasurer.

A suggestion was made that the constitution be amended to elect several Honorary Presidents of the Association instead of one, and this was defeated, and M. Rayo Woolf was elected Honorary President for another term, and is an active member of the executive.

A vote of thanks was tendered S.W. King for his efficient work as Secretary up to the time of his resigning this position and the President and Secretary instructed to send him a letter containing this motion.

Reg Cooper was named as Chairman of the Membership drive and a Carnival was suggested as a means to get some funds for the Association and also to increase members for the season. This was left to the Executive for final decision, and the meeting adjourned at 10 o'clock.

Wedding Bells

EVESON — MELDRUM

Manila Deleen, eldest daughter of Mr. and Mrs. T.W. Meldrum, and Harold Penn, son of Chas. H. Eveson, both of Raymond were united in marriage at the Carlton Temple yesterday, Thursday, with Pres. E.J. Vely Heggie officiating. The ceremony was attended by members of both families.

The young couple will make their home in Raymond, and they have the best wishes of their many friends here for a long and happy married life.

Another Thursday wedding was that of Miss Olen Zemp and Ronald Bythway which was announced in these columns a week or two ago.

PREPARATION AGAINST WINTER SOIL DRIFTING

Recently a successful farmer asked what could be done to protect his farm from drift that quite sure to occur this winter from his neighbors' farms. The farms adjoining him, he stated, are summer-fallowed in large blocks and from previous experience he is quite sure they will drift seriously this winter and will involve his farm. There are many such situations as this that one observes in various parts of the wheat growing areas—a condition that must demand some attention.

This farmer suggests rigorous legislation to make the owners of drifting lands responsible for all damage done to adjoining farms. Perhaps there is justification for such a demand as there is little excuse for permitting land to drift in an uncontrolled way. There are so inexpensive methods of preventing drifting that there is no reason for anyone permitting a field to blow. In the first place no one should summer-fallow in large blocks in Southern Alberta. Secondly, the summer-fallowing can be conducted in such a way as to leave fields that are

followed in strips in a fairly safe situation. Thirdly, if a field has not been properly summer-fallowed it is quite simple to list it in the fall in a way that will give ample protection thru the winter.

It is too late this year to strip farm fields that have already been fallowed in large blocks or to properly till fallows that have not received satisfactory treatment. This does not mean, however, that nothing can be done. In fact it is quite easy to furnish ample protection to such fields. Where soil has not started to move and the condition is not extremely acute, listing strips say 5 rods wide, leaving 10 rods between the listing strips is likely to furnish ample protection. If the soil is blowing badly it might be necessary to list the entire field at right angles to the prevailing wind, starting at the windward side and working to the leeward. On loam soils, this listing might be done with lister shovels or a duckfoot cultivator but on loose top clay or sandy soils requiring more drastic treatment, perhaps a corn lister should be used. With the duckfoot lister shovels, the furrows can be spaced about 4 feet apart. If a large lister such as a corn lister is used, it

is preferable to place the furrows about 5 feet apart so as to leave a flat top on the ridges rather than a "V" shaped top that starts to cut off readily. From extensive experience, the Experimental Station staff has had with listing in various parts of the territory served by the Station, they feel confident that fall listing before the soil starts to move, making sure that wide flat-topped ridges are left between the furrows, will protect almost any field.

The cost of such listing is not great. Perhaps the strip listing of 5 rods with unstripped intervals of 10 rods would cost not more than 10 cents per acre. If farmers having fields of this kind, that they think should be listed are not sure about the procedure, the Station staff will be pleased to consult with them further and if the farmers cannot secure a lister or listing shovels for their duckfoot cultivators, the P.F.R.A. organization supervised from the Experimental Station, Lethbridge, has equipment of this kind that might be loaned for that purpose.

NEWS NOTES

Norman Boyd of Currie's Limited was at the Raymond Mercantile on Monday.

Prices of livestock of all kinds have increased with the war conditions in Europe.

Chas. Mehew was painting the woodwork in the new block of O. J. Snow's the first part of the week.

Up to Wednesday night the present sea warfare had caused the sinking of 26 ships, most of them belonging to Britain, casualties have not been very heavy although a number of Athenia passengers are still unaccounted for.

Ten families at St. Bonit. Onebar fled to the woods Sunday when the backfiring of an engine caused them to believe that they were being bombed following reports that German planes had made a bombing raid on Ottawa. Some of them were being treated for colds and pneumonia was feared.

NEWS NOTES

Premier King has filed notice of a motion to set up a ministry of munitions and supply.

Seven of Alberta's military units were reported at full strength Tuesday and applicants were encouraged to try some of the other branches of the service.

Henry Kendall was busy this week hanging the new overhead doors at the British-American Service Station. Jack Hervey's welding outfit was there welding the tracks for the doors.

Mrs. Henry Price and Miss Oriole Blair of Calgary, are spending a few days here this week, guests of Mrs. E. J. Hutchinson and family.

A very heavy discount is in effect now on Canadian funds, in some cases as high as 20 per cent. Bishop Hicken told us two weeks ago or more that it cost \$1.30 to send \$30 to his brother Mac who is laboring as a missionary in the Texas mission.

It is reported that engineers of Canadian Sugar Factories, Ltd., are this week studying the proposed site for the new mill to be erected somewhere in the Coaldale-Taber-Barnwell area. An announcement is expected between now and September 20th.

Magistrate Jensen was here Tuesday afternoon and listened to an assault and battery case arising out of an altercation between two Hungarian laborers at Welling. The case took most of the afternoon and lawyers Macosvith and Fairbairn of Lethbridge were for the various parties.

British millers have been ordered to use only 10 percent of Canadian wheat in their bread-making and to use more foreign flour. It is not expected that it will have any effect on the Canadian market as the Canadian wheat stores so much better than other grades.

DEEP-ROOTED IN FRIENDLY SOIL!

A great tree gains its stature, builds its strength and bears its fruit through years of growth in friendly ground. So do the enterprises of man.

Like the great tree, the co-operative ideal has taken deep root in Alberta soil and is growing stronger each year.

Alberta Pool Elevators has risen to a position of predominance because of its adherence to the co-operative ideology, its alertness and energy in advancing farm interests, and its open policy of doing business.

The co-operative way of grain marketing is the correct way, the system is essentially sound and it should be extended and strengthened.

Farmers can gain power, prestige and added security only by developing their own co-operative businesses.

Alberta Pool Elevators is a purely Alberta Farmer-owned co-operative.

Your patronage is respectfully solicited.

NEWS NOTES

The regular meeting of the Town Council on Thursday evening was a very quiet meeting the time being occupied with the routine matters of the Town and passing the pay roll.

Francom Selman returned home from Calgary on Sunday after spending a week there. He stated that Noel Keith and Bob Wood had joined the Calgary Highlanders for active service. While there we understand Francom helped on the construction of the army huts in New-ata Park.

W. L. Jones was the speaker at Rotary meeting on Monday on the subject "Putting Your Magazine to Work," and offered several timely suggestions on getting more value out of the Rotarian. The Club's monthly magazine. Visitors present were Niel Fisher of Missoula, Mont., and R.W. Wilde new owner of the former Safeway Store.

1,626,000 persons attended the Canadian National Exhibition at Toronto which ended Saturday at midnight. This is claimed to be the largest annual fair in the world, and ran for two weeks this year. Part of the buildings are being fitted up now for the housing of troops.

The cars of James Meeks and Earl Clifton came together on the road a few miles south of town last Sunday evening, and the drivers are still arguing as to who was to blame in the crash. Constable Ellis and Constable Hawk are investigating the matter.

NEWS NOTES

Our next holiday will be Thanksgiving Day, on October 9th. It'll soon be here.

J.B. Merrill of Hill Spring was a Raymond visitor Monday morning, bringing his daughter Edythe, down to take her school after the brief holiday last week.

The program at the 1st Ward Sunday evening was given by the I. B. Roberts family and a very enjoyable program was presented.

The monthly meeting of the Child Study Group was held last Thursday at the home of Mrs. Dorothy Dahl and attended by sixteen members. Mrs. Naomi Atterton led in the discussion of the lesson from the "Seven Ages of Childhood." Mrs. Mary Stone was assistant hostess and she and Mrs. Dahl served a delicious lunch.

A number of local boys were on the streets Wednesday in the 20th Battery uniforms, having passed the medical test and been accepted in the service. Among them were: Leonard Flexhaug, Wayne Brown, Harold Lee, Thor and Lawrence Betts, Kenneth and Jay Williams, Mac Broder, Johnny Hyde, Dick and Duncan Rusk, Frank Anderson and Eric Anderson.

In a strongly worded speech on Monday, Hon. Anthony Eden former Foreign Secretary in the Chamberlain government, and who resigned because of differences between he and the British Premier over the Czech-Slovakia problem last spring said that Nazism must be completely banished from the earth. Mr. Eden is a member again of the war time cabinet of Premier Chamberlain.

INTRODUCING 1940 "Dodge"

The most conspicuous feature of the new Dodge cars for 1940 is a substantial increase in VALUE! The Hardware is of the curved "safety" type. All lines have two tail lights located in the catwalks beside the rear fenders. All rear windows are much larger, the centre bar is gone and the glass is curved to follow the curve of the body. The new "Sealed Beam" headlamps give 50 per cent. more illumination. Their efficient life is greatly lengthened. Parking lights are in the frame above the main lens. Instruments all have a red signal light that flashes on when the engine is not functioning properly.

WHAT THE LAST WAR COST

The Carnegie Endowment for International peace estimated in 1919 that the real economic cost of the World War was \$224,000,000,000.

And the treasury department in Washington is authority for the statement that as far back as June 30, 1934, the monetary cost of the World War to the United States alone had already reached a considerable sum of \$41,765,000,000.

A statistician now furnishes a few more facts about the titanic struggle:

- 74,000,000 men mobilized.
- 10,000,000 men killed.
- 3,000,000 men missing.
- 19,000,000 men wounded.
- 19,000,000 men disabled.
- 7,000,000 prisoners taken.
- 9,000,000 children orphaned.
- 5,000,000 wives widowed.

The picture is not a pretty one and no sane person wants to see it reproduced with even more staggering totals.—Detroit Free Press.

AUTUMN TIPS FOR MOTORISTS

1. Because of earlier darkness, accidents involving motor vehicles increase greatly in September and October over July and August. Make sure headlights are properly focussed and burning brightly. Reflectors should be cleaned and dim bulbs replaced. Be sure and use long-

life Canadian made lamps.

2. Brakes should be checked now after the Summer's heavy driving. At 40 miles an hour, a car cannot be stopped under 115 feet. Have the car wheels "pulled" to assure proper check.

3. A good anti-freeze is an economy, not an expense. Many cases of freeze-up, causing costly repairs, are due to motorists thinking they were protected. But boil-away types of anti-freezes evaporate on warm days, leaving the radiator not sufficiently protected when cold weather comes again. The permanent type of anti-freeze keeps at full strength all winter, long. A popular brand has been considerably reduced in price this Autumn.

4. Old, worn tires are dangerous on rainy Autumn days and particularly on icy pavements. For safety's sake, they should be replaced now.

5. Nothing cuts down a car's efficiency more than a rust-clogged corroded cooling system. Formerly it was a long, expensive process to clean it out by acids but garages now report a simple, three-step cleaning process which does the work in half an hour at low cost. After having the cooling system cleaned, be sure and use an anti-freeze which contains special rust inhibitors.

Mrs. Jack Kenney was hostess today at a birthday party at the house in honor of her daughter Geraldine.

It's Time to Insure

against trouble and costly repairs. Let us fill your Radiator with

Eveready Prestone

a Guaranteed Anti-Freeze, after we flush out the Block and Radiator to ensure proper Circulation
